

# 樹枝粉碎機 WE-M15RX

## BENEFITS

- With its high capacity and lighter weight design, this compact chipper is the ideal unit for residential tree services, utility line clearing, vegetation management, maintenance contractors and municipalities.
- The dual-sided, chambered air impeller system increases chip-throwing velocity and reduces dust and material blowback out the infeed to pack more into the chip truck.
- Hydra-Lift top feed wheel compression system with spring-assisted down pressure provides more than 1,500 lbs. of material crushing power.
- Like all equipment, the M15RX is a long-lasting, durable machine backed by a world-class parts and service support team.

### TorqMax™ Feed System

The powerful TorqMax™ top feed wheel compression system generates more than 3,400 lb./ft. of material pulling force.

### Infeed System

The wide infeed opening with 18" diameter single top feed wheel and straight flow-through infeed easily climbs over material, reduces drag and increases chipping efficiency.

### Channel Frame

The 8.2 lb., 6" channel frame rails with 2" x 6" tubular steel frame with cross bracing increases structural strength while maintaining low unit weight.

### 360° Swivel Discharge

360° manual crank swivel discharge with adjustable height puts chips right where they're needed without removing the Beever from the tow vehicle.

## SPECIFICATIONS

SPECIFICATIONS MAY VARY WITH EQUIPMENT OPTIONS    6/29/15

### General

Chipping capacity.....	15"
Height .....	8'10"
Width .....	6'11"
Length .....	16'5"
Weight (approximate).....	7,200 lbs.
Suspension.....	7,000 lb. Torflex
Infeed opening.....	55 1/2" wide x 34" high
Throat opening.....	20 1/2" wide x 15" high
Drum .....	23 3/4" wide x 21 1/8" diameter
Engine ..	CAT, Cummins, GM, John Deere, Perkins
Horsepower .....	97–142 HP
Fuel capacity .....	32 gallons
Hydraulic capacity .....	13 gallons
Frame .....	8.2 lb., 6" channel
Tires.....	(2) 215/75Rx17 1/2"
Hitch .....	2 1/2" Pintle Ring

### Equipment Highlights

23 3/4" wide x 21 1/8" diameter staggered-knife-pocket drum with two dual-edged chipper knives and dual-sided, chambered air impeller systems  
Single (top) horizontal feed wheel with TorqMax top feed wheel compression system, hydraulic lift assist, spring-assisted down pressure and manually applied hydraulic down pressure at the valve handle  
Reversing automatic feed system  
Enclosed engine with gauge panel, radiator fins screen and slide rails for belt adjustment  
Fuel tank sight gauge, drain plug and shut-off valve  
Hydraulic tank shut-off valve, drain plug and clean-out cover

### Additional Features

Morthane Paint System: A chemically cured, electrostatically applied urethane coating with high-gloss finish, built-in UV protection, chip and chemical resistance and corrosion protection

### Options Include

ChipSafe® Operator Safety Shield  
Winch package: heavy-duty, 5,000 lb. pull capacity with rope and 10' chafe guard  
Custom paint and logo packages  
Bottom Bump Bar  
Hydraulic Swivel Discharge  
Cone Holder  
Spare Tire/Mount  
Folding Infeed Tray  
Bottom Feedwheel  
Flow Control  
Axe, Fender and Battery Box Options Available
