

手扶耕耘機

750 We-PowerSafe

Engine	Fuel	Starter	Power KW/HP
Honda GX390	Gasoline	Recoil	8,7 / 11,7
Kohler KD440	Diesel	Recoil or Electric	8 / 10,9
Lombardini 3LD510	Diesel	Recoil or Electric	9 / 12,2

The professional 750 PowerSafe two-wheel tractor has been designed for continuous and heavy duty uses.

It has a gearbox with **3 forward and 3 reverse speeds** and a **quick reverser** to change the forwarding direction.

The serial **differential with lock** ensures improved maneuverability and adherence to the ground.

The available engines are: one gasoline engine **Honda GX390, 11,7 hp** and two Diesel engines **Kohler KD440 10,9 hp** or **Lombardini 3LD510 12,2 hp**.

Even though it is a machine specially designed for soil preparation, thanks to its versatility it is well suited to a broad range of uses both for fruit and vegetable cultivation and for soil maintenance.

The 750 PowerSafe has a cast aluminum structure and has got a serial **quick hitch for attachments**.

The **reduction units** on the wheel axles have been made to improve the performance and the life of the machine.

TECHNICAL FEATURES

- **No. of speeds FWD/REV:** 3 + 3
- **Quick reverser:** yes
- **Clutch:** multi-disc in oil bath PowerSafe
- **Differential with lock:** yes
- **Reduction unit** in oil bath on each wheel
- **PTO:** independent at 990 rpm (825 rpm with 3LD510) with engagement in oil bath
- **Brake:** independent work brake on the two wheels and parking brake
- **Implement quick hitch:** standard
- **Driving position** with adjustable and 180° reversible handlebar mounted on shock absorbers to reduce vibrations
- **Weight** with 3LD510 engine, wheels 6.5/80-12 and rotary hoe 85 cm: 281 kg
